## The Pity of It!

Business can create psychological conditions to suit itself or to browbeat an administration it would ruin if it cannot rule. It cannot control material conditions to suit any such purpose.

If there has been a conspiracy to this effect, the big crops are blowing it up and the railroads are hiring back the men they were recently discharging wholesale. The calamity howlers are being swept off their feet. The standpatters are running about with the cry of what can be done to save their exclusive contract with Providence through high tariff in the production of prosperity. And lastly, the Colonel is seen hunting around for that "grave industrial depression and suffering" which he left the Outlook to save the country from.

It is a great pity, in the midst of these glowing promises for the industry of the many, to have to record the havoc wrought to the elect and those who battle for the Lord. But facts are facts.—New York World.

Lexington proof is what you want and the statement of this highly respected resident will banish all doubt:

"My system was filled with uric poison," says Mrs. Clara M. Brase, of 1211 Franklin Ave., Lexington. "My hands, arms, limbs and ankles were badly swollen. Sometimes I was so dizzy I couldn't see and I was nervous. I got so bad I couldn't get around and was all run down. Physicians' medicines did me no good and I was discouraged. After using Doan's Kidney Pills a few days, I was relieved and I continued to improve until I was enjoying good health."
